

Grant Q. He

UX Engineer • No-Code Developer • AI-Assisted Development

Jersey City, NJ • (914) 482-2512 • grhe@grantqh.com • www.grantqh.com

UX Engineer with 10+ years bridging design and engineering — specializing in no-code/low-code platforms (Bubble.io, Webflow), traditional frontend development, and AI-assisted coding. Track record of taking products from wireframe to production, independently and as a team lead.

WORK EXPERIENCE

Clearing | *Feb 2025 – Present*

Lead Developer

- Contributed to the development team that helped take Clearing to over \$1M ARR for the first time, by building and maintaining Clearing's Bubble.io web application for short-term rental operators — enabling expense tracking, revenue management, and account oversight — leveraging AI-assisted coding tools to accelerate development.
- Designed and built a custom spreadsheet-based financial reporting system, extending Bubble.io's native capabilities with JavaScript to generate client-facing financial reports.
- Built and maintained OAuth and API-based integrations between Clearing and a range of third-party property management and financial services.
- Built and maintained a companion Chrome extension to support third-party integrations and enhance the operator workflow.

The Group Savings Organization | *Oct 2023 – Feb 2025*

UX Engineer

- Performed design, development, and maintenance work for Bubble.io-based applications helping hospitals and healthcare systems reduce procurement costs.
- Led end-to-end overhaul of an employee workshopping application — from initial wireframes and prototypes through full implementation.

FactSet Research Systems, Inc. | *Jun 2013 – Nov 2021*

Software Engineer

- Developed and maintained financial analysis applications as part of an Agile development team.
- Refactored and modernized decades-old frontend codebases, bringing them up to current web development standards.
- Co-developed a microservices-based real-time financial alerting system for surfacing important market events.

Parse3 | *May 2012 – Aug 2012*

UI Developer Intern

- Developed interfaces for e-commerce and shipping tracking applications.

SKILLS

No-Code / Low-Code: Bubble.io, Webflow

Frontend Development: HTML, CSS, JavaScript, jQuery, Vue.js, React.js, Node.js

Design & UX: Figma, Rapid Wireframing & Prototyping, UX Writing, Content Design

AI-Assisted Development: Cursor, Claude Code

Other: Amazon Web Services, OAuth Integrations, Agile Development

EDUCATION

University of Rochester | *2009 – 2013*

Bachelor of Arts in Computer Science and Philosophy — Cum Laude, Dean's List

DesignLab UX Academy | *Mar 2022 – Aug 2022*

UX Design

Airdev No-Code Bootcamp | *May 2023 – Jul 2023*

No-Code Development
